For a pain in the loins a piece of Sannel dampened with Chamberlain's pain balm and bound on over the seat of the pain, and another on the back between the shoulders, will afford prompt relief. This is especially valuable in cases where the pain is caused by a cold and there is a tendoncy toward pneumonia. For sale by all druggists and medicine dealers.

Not a few who read what Mr. Robert Bowls, of Holland, Va., has to say below, will remember their own experience under like circumstances "Last winter I had la grippe which left me in a low state of health. I tried numerous remedies, none of which did me any good, until I was induced to try a bottle of Chamberlain's cough remedy. The first bottle of it so far relieved me that I was enabled to attend to my work, and the second bottle effected a cure." For sale at 25 and 50 cents per bottle by all druggists.

"Let me see some of your black kid gloves," said a lady to the blonde elerk at Babbitt's. "These are not the latest style, are they?" she asked, when the gloves were produced. "Yes. madam," replied the young man, "we have had them in stock only two days." "I didn't think they were, because the fashion paper says black kids have tan stiches, and vice versa. I see the tan stitches, but not the vice versa." The blonde young man explained that vice versa was French for seven buttons, so she bought three will please say "advertised."

Many merchants are well aware that their customers are their best friends and take pleasure in supplying them with the best goods obtainable. As an instance we mention Perry & Cameron, preminent druggists of Flushing, Michigan. They say: "We have no hesitation in recommending Chamberlain's Cough Remedy to our customers, as it is the best cough medicine we have ever sold, and always gives satisfaction." For sale at 25 and 50 cents per bottle by all druggists and medicine dealers.

He paused rhetorically, only for a second or two but it was long enough for some irculminated in a loud roar. This evidently hurt Mr. Cannon's feelings. At all events be looked anything but smused, and sat down, declining to proceed with his remarks until the House had ceased to be amused at his expense.

The Seed is the Vital Thing.

Planting must be begun right, else cultivation or fertilizer can prevent the crop being a failure. The first step is the selection of the seed. Do not take any risks here. Get seeds that you can depend upon seeds that are fresh, that have a reputation behind them. The most reli able seeds grown in this country are Ferry's Seeds. Wherever seeds are sown the name of D. M. Ferry & Co., Detroit, Mich., is a guarantee of quality and freshness. The greatest care and strictest caution are exercised in the growing, selection, packing and distribution of their seeds. Not only must they be fresh, but they must be true to name.

On a par with the quality of the seeds is Feiry's Seed Annual for 1897, the most comprehensive and valuable book of the kind ever printed. Every planter, large and small, should get, read and digest this book before planting a single seed. It is free to all who address the firm as above.
